ACCOMMODATIONS

NAVIGO QUALITY ASSURANCE ✓

Each group has a custom budget that our trip development team works with, however we always confirm the equivalent of 3–4-star U.S. rated properties. Our accommodations are carefully vetted and inspected by our Navigo staff to make sure they are up to our high standards for your team in all aspects.

We understand that not all programs have the same expectations for accommodations. For that reason, we work directly with the coach or school administrator to make sure accommodation suits your team. We ask questions that will better help us pick exactly what the program wants from their stays. Whether it is a hotel downtown or a team villa out by the beach, our team finds the best place suited for your team's expectations and budget.

ROOMING ARRANGEMENTS 📋

Players typically share rooms – mostly in twin accommodations, occasionally in triple or quad accommodations – always in separated beds and separated by gender. Parents and school staff will be assigned double and twin rooms. Single room available upon request for an additional fee.

HEAR FROM A COACH

"Taking our first international trip with Navigo, we didn't really know what to expect with our accommodations. The lodging arrangements surpassed expectations by far! Each hotel was strategically placed near transportation, such as train stops with easy access to city centers and major landmarks. We especially enjoyed the ample opportunities to relax after long days of touring or training... a seamless travel experience from top to bottom."
